Web Developer and Designer Resources

Links

- UCLA Campus Web Publishers Group
- 4096 Color Wheel – *Pretty useful tool to find web-safe/web-smart colors*
- Standalone versions of IE – This website provides downloads and tutorials on how to install different versions of IE on your computer. Very useful for testing your website across multiple browsers.
- University Web Developers Mailing List and FAQs – *this often has very relevant queries for web admins at universities and colleges. It's a good place to get a quick survey of how different places do things.*
- Web Design Cheat Sheets – *A list of most often used commands for programs and languages that web developers use most often.*
- Yahoo! Design Pattern Library – *Yahoo!'s thinking on common interface design issues for traditional and rich Internet applications.*
- Yahoo! User Interface Library – *The Yahoo! User Interface Library is a set of utilities and controls, written in JavaScript, for building richly interactive web applications using techniques such as DOM scripting, HTML and AJAX.*
- UI Patterns Library *-Another UI Design Pattern Library*
- Patterny *-UI Design Pattern Library and Tool for collecting patterns for projects shared with team*
- Pattern Tap *-A Popular UI Design Pattern Library submitted by web/ui professionals. Unlike most sites that just have screenshots of websites, Pattern Tap has separate galleries that focus on just website footers, signup pages, sub-navigation, form buttons, tabs, thumbnails, slideshows, and more.*
- Getting Creative With Transparency in Web Design
- Designing Web Interfaces – Principles and Practices for Rich Interaction
- Designing Social Interfaces Presentation – *Addresses designing for social networks*
- Smashing Magazine article on Type Best Practice *-Best practice for web professionals on the topic of typography*
- Toolbox.cc – *A collection of tools and widgets*

Useful Tools/Plugins

- http://lorempixum.com/ – free placeholder images, any size

- FireFox – Please see Firefox Add-Ons for Web Developers
- Mozilla Firefox for Rapid Web Development and Testing
- IE 7 – Web Developer Toolbar
