Adobe Acrobat Name User Login

If you are signed out of Adobe Acrobat 2019 or are login in for the first time please follow these steps

1)To access Adobe Acrobat, first look for your application on your computer. In the search bar located on the left-hand side of your taskbar, next to the Windows button, type the name of the app.

2) Once you find the application, then open it and at the top of the taskbar click on Help and the on Sign In.

3) Once you click on the Sign in button, it could take a few seconds before the pop up appears. Click on Sign In at the bottom.

4) Type @ucla.edu or UCLA email address. And click Continue.

5) The last step will be entering your UCLA Logon ID. Then you should be logged in.

These steps need to be repeated every 90 days.
