

# Need alternative media player?

<http://www.videolan.org/vlc/>

= Audio, Video etc... pretty robust.

udp rtp dvd scvd mpeg avi ogg mp4 etc etc and the list goes on...

[http://www.free-codecs.com/download/QuickTime\\_Alternative.htm](http://www.free-codecs.com/download/QuickTime_Alternative.htm)

Media Player Classic, often bundled with Quicktime Alternative, is also quite good.
