

Special Cases Login

In rare situations it becomes necessary for an Admin to create a Special Case Login to help in administering course sites. Contact a Moodle Admin for creation of such an account. After you receive your Special Case Login, you can gain access to Moodle by clicking the link, “Special Case Login” on the main login page. For instructions on adding non-UCLA users to Moodle, refer to this link:

[Creating CCLE \(Moodle\) logins for users without a UCLA Common Login ID](#)

Revision #10
