

VPNs Across UCLA

Many in the UCLA community are aware of the BOL VPN, Virtual Private Network, for on-campus wireless and off-campus wired connectivity. Some departments have discretionally implemented specific department VPN profiles as well. Department will policies vary. User can contact respective departments for precise information:

Campus (BOL) VPN:

<https://www.it.ucla.edu/bol/services/virtual-private-network-vpn-clients>

SSC:

[Where can I obtain the VPN Client to tunnel into the Social Sciences network](#)

MedNet:

Communicate with the local SOM departmental CSC

Also, contact Medical Center help desk, x44357.

Life Sciences:

Communicate with the local departmental CSC

Also, contact helpdesk@lifesci.ucla.edu, or x51000

Departmental users should always feel free to ask their departmental CSC for computing assistance:
