Advice when switching from Windows to Apple

When switching from Windows to Apple (OS/X) there are some hints and tips that can make it easier and more fun.

- Mac 101
- A Guide to OS X Software for Switchers
- Top 10 Things all Switchers Should Know
- How Does Open Source Software Stack Up on the Mac?
- Tips and Tricks Section of The Unofficial Apple Weblog
- The Gems of Apple Development Tools
- http://bestmacsoftware.org/

Does anyone else have advice or links to add?
