

iPad/iPhone/iPod Touch remote desktop apps

A colleague who wishes to remain anonymous asked me to post this.

- [free Mocha rdp](#) – old, release date 8/20/2008, good resolution 1280×1014, multiple hosts configurations allowed, NO right-click. Only the paid version \$5.99 allows right-click.
- [free Wyse Pocketcloud](#) – newer 12/3/2010, mouse right-click allowed, bad resolution 800×600, and single host setup. paid version is \$14.99.

Revision #1
