

Easy Configuration of Bonjour (formerly Rendezvous) Printers Using Safari for OS X

Easy Configuration of Bonjour (formerly Rendezvous) Printers

If your printer supports Rendezvous, you can administrate it through Safari! Who would have thought? Try it out...

â Launch Safari.

â Go into Bookmarks > Show All Bookmarks.

â On the left side click Bonjour (or Rendezvous).

â Your printer will be listed there. Double-click it and test out that admin page!
