Top Programming Languages

Often people in the developer world have the question, “What is the most popular programming language?” Context is key, but there are two popular lists tracking the inquiry—

- **IEEE**, http://spectrum.ieee.org/static/interactive-the-top-programming-languages
- **Tiobe**, http://www.tiobe.com/index.php/content/paperinfo/tpci/index.html

Have a favorite list? Feel free to add it above.
