

Download ArcGIS Pro

ArcPro for PC

1. Log in to <https://gisucla.maps.arcgis.com/home/index.html>
2. Click on UCLA SSO (GIS Online) and login
3. Click your username (upper right)
4. Click "My Settings"
5. Click Licenses
6. Scroll down to ArcPro and click download
7. Click the exe file to install ArcPro
8. After Installation, you can log in your ArcGIS Online at UCLA first and then open ArcGIS Pro. ArcGIS Pro will detect your account in ArcGIS Online and synchronize the account and log in. Then you can use ArcGIS Pro.
9. If it doesnt auto detect, you can manually login: <https://bookstack.kb.ucla.edu/books/ucla-arcgis-access/page/how-to-access-arcgis-pro-at-ucla/edit> (see how to login).
