

# Where can I find videos for class use?

The Instructional Media Collections & Services (IMCS) is UCLA's central resource for the collection and maintenance of instructional media. The IMCS primarily serves faculty and departmental personnel who use media in the classroom. The IMCS has a collection of nearly 10,000 videotapes, laserdiscs, DVDs, CD-ROMs, films and slide/tape modules and houses and maintains several department and study center collections.
