

# Digital Learning Objects (or SCORM)

- **Digital Learning Objects** (also see SCORM)
    - [Guidelines for Authors of Learning Objects:<http://www.nmc.org/guidelines/>]
    - <http://www.educause.edu/nlii/keythemes/standards.asp>
    - <http://www.nmc.org/projects/index.shtml> — look at the 2004 Horizon report. One short section is on learning objects and has lots of good links to quite extensive projects. There's also a learning objects initiative link on the NMC page.
