Free web content: sounds/sound effects you can add to your non-commercial sites

Reprinted from the Internet Scout (http://scout.wisc.edu)

http://www.soundgator.com/

If you are looking for sound effects for just about any situation, look no further than the solid aural content right here at the SoundGator website. The offerings here are contained in 26 different categories, including Household Sounds, Fire Sound Effects, Drink Sound Effects, and Crowd Sound Effects. Visitors can search all of the effects as they see fit or browse by categories that include Recently Added and Most Discussed. The materials here are available to embed or download for personal use.

Note: Be sure to read the User License and Terms of Use links in the footer.
