

Social media: guidelines and expertise for work-related use

I am re-posting information shared by Joseph Maddela on the CWP list on 5/13/16:

**Are there campus guidelines/policies for creating a department social media account?
Are there best practices for having a shared department account? Where can I find more information?**

You can find the info at <http://socialmedia.ucla.edu/>

Michelle Reardon and Amanda Savercool run social for UCLA.
